## ATTENDANCE

**Attendance and punctuality are mandatory.** It is an educational fact that attendance and grades are connected. There are probably no factors more important to successful school progress than regular and punctual school attendance. Students who are excessively tardy or absent from the instructional program will fall behind in academic achievement. Excessive school absenteeism precedes grade failure, loss of interest, and may result in students withdrawing from school. We expect our students to demonstrate excellent attendance. Please make every effort to have your child attend school on time consistently.

**School Attendance:** Students are to be counted in attendance only if they are present for at least **two** hours of the day or engaged in a school-approved educational activity which constitutes a part of the instructional program for the student.

**Class Attendance:** Students are to be counted in attendance if they are physically present in class for at least half of the class period, have been excused by the teacher on a class-related assignment, or have been requested by a member of the school support staff for an approved school activity.

1. **Students missing five or more consecutive days of school due to illness or injury are required a written statement from a health care provider.**
2. The written statement must include all the days the student has been absent.
3. If a student is continually sick and repeatedly absent from school due to a specific medical condition, he/she must be under the supervision of a health provider.
4. Failure to provide required documentation within three school days upon the return to school **will result in unexcused tardies or absences.**
5. Students who have habitually unexcused absences shall be considered truant. Students affected by the Compulsory School Attendance Law may be referred to Children and Family Services for truancy.
6. Any student arriving after 8:30 am will be issued a late pass and marked tardy. **After ten (10) unexcused tardies, the student will be issued a referral form that will be placed in the student's permanent record.** We understand that emergencies may arise. In such cases, we will need a letter signed a parent/guardian explaining the reason for being tardy.
7. Parents are to contact the office if their child is going to be absent. On the day, he/she returns to school, parents must send a handwritten note explaining the reason for their child's absence. A maximum of 10 handwritten notes will be accepted per school year. After 10, a referral will be issued. Students may not exceed more than 10 unexcused absences per school year. For every five unexcused absences, the student will receive a referral.
8. Make-up work and homework must be completed within 24 hours (per missed day) after returning to school. All assignments must be made-up, or the student will be issued an incomplete. Incomplete assignments may affect the student's final grade. **It is the parent's responsibility to contact the teacher regarding any missed assignments.** If a student anticipates being absent for more than two consecutive days, it is the parent's responsibility to contact the school and pick-up any class work/homework from the teacher.

### **Excused Absences**

- A. Personal illness of the student (medical evidence may be required by the principal or designee for absences exceeding **five** consecutive days). If a student is continually sick and repeatedly absent from school due to a specific medical condition, the student must be under the supervision of a health care provider to receive excused absences from

school.

- B. Medical Appointment: If a student is absent from school due to a medical appointment a written statement from a health care provider indicating the date and time of the appointment must be submitted to the Register.

## **Tardiness**

A student is considered tardy if they are not present when the school bell rings for the class assigned. NOTE: If a student is not present when attendance is taken but is present later in the school day, that student must be considered in attendance, but tardy, and the absence should be changed. A student who is tardy should never remain on record as being absent.

***A student who has twenty (20) or more cumulative tardies will not be allowed to participate in interscholastic competitions or performances for the remainder of the school year.***

## BOOK BAGS

It is recommended that each student have a book bag to transport his/her books and materials between school and home. School supplies should be replenished as needed.

## LUNCH BAGS/BOXES

Students who bring lunch bags or boxes from home must bring it upon beginning of the school day. For the safety and security of all our students, family members are not allowed to bring outside foods to the cafeteria. Should an emergency occur, parent/legal guardian is to leave the lunch bag/box with security personnel in the main entrance of the school.

### **GRADES**

Instructional staff uses evaluative devices and techniques as needed to report individual achievement in relation to school goals, acceptance norms, and student potential. Student grades, unsatisfactory work notices, parent reports on state assessment, and/or standardized testing, parent conferences, and adult/student conferences should serve as the primary means of communicating student progress and achievement of the standards for promotion.

A student's academic grade reflects the teacher's most objective assessment of the student's academic achievement. Students have the right to receive a conduct and an effort grade consistent with their overall behavior and effort.

Specific guidelines for grading student performance and for reporting student progress are provided below and detailed in the *Student Progression Plan*. To view the plan, go to <http://ehandbooks.dadeschools.net/policies/93.pdf>

#### **Academic Grades**

Academic grades are to reflect the student's academic progress. The grade must provide for both students and parents a clear indication of each student's academic performance as compared with norms that would be appropriate for the grade or subject.

### **Plagiarism**

Examples of plagiarism and academic dishonesty include but are not limited to the willful giving or receiving of an unauthorized, unfair, dishonest, or unscrupulous advantage in academic work over other students. Consequences for any plagiarism will be applied as required in the MDCPS Student Code of Conduct.

The academic grades of "A," "B," "C," "D," or "F," are not related to the student's effort and conduct grades. Grades in all subjects are to be based on the student's degree of mastery of the instructional objectives and competencies for the subject. The determination of the specific grade a student receives must be based on a teacher's careful consideration of all aspects of each student's performance during a grading period.

#### **Effort Grades**

Effort grades are utilized to convey both to students and their parent(s)/guardian(s) the teacher's evaluation of a student's effort as related to the instructional program. These grades are independent of academic and conduct grades. In assigning an effort grade, the teacher must consider the student's potential, study habits, and attitude. Kindergarten students do not receive effort grades.

There are three numerical grades used to reflect effort in grades 1<sup>st</sup> through 5<sup>th</sup>:

<b>Grade</b>	<b>Verbal Interpretation</b>	<b>Indicators</b>
<b>1</b>	The student consistently works to the best of his/her ability.	<ul style="list-style-type: none"> <li>Completed all tasks.</li> <li>Tried a task again to improve the results.</li> <li>Consistently attends to assigned tasks until and generally exerts maximum effort on all tasks.</li> </ul>
<b>2</b>	The student's effort is satisfactory.	<ul style="list-style-type: none"> <li>All work is approached with an appropriate degree of seriousness.</li> <li>The student usually finishes assignments on time and usually stays on task.</li> <li>The student usually works at a level commensurate with his/her ability.</li> </ul>
<b>3</b>	The student shows insufficient effort.	Little attention is paid to completing assignments.

## Conduct Grades

The following rules, regulations and due process procedures are designed to protect all members of the educational community in the exercise of their rights and responsibilities.

Student and employee safety is a primary concern of BridgePrep Academy Schools. Access to our campuses will be limited, monitored and secured at all times that students are present in the building. A school safety plan was created to provide school personnel with the necessary leadership skills and knowledge needed to respond to critical incidents or other related

emergencies that may occur in our school communities. All schools have a site-specific plan to address all types of critical incidents. These plans address the individual needs of the school and provide guidelines for devising methods for communicating with the staff, students, parents/guardians, and the media during a critical incident or an emergency. We ask your cooperation in working with school administration teams to adhere arrival/dismissal procedures as well as visitor check-in to ensure student safety.

During emergencies, some protective measures may include the evacuation of students/staff from the building(s), and if necessary, the relocation of students/staff from the school campus, lockdown procedures, and holding/dismissing students during school and community emergencies. School administration will communicate with parents as needed, always prioritizing student safety first.

**Lockdown and Partial Lockdown Events-** In the event of an emergency, the primary responsibility of all school personnel is to ensure the safety of all students. In the event a school administrator announces a possible threat to students and staff safety exists within the community (partial lockdown), or an imminent threat to students and staff safety exists within the school (full lockdown) students, faculty, and staff will comply with all the procedures outlined in the School Safety Plan and remain on lockdown until a school administrator makes an “All Clear” announcement.
